## After Care

Stop by for lots of tips and tricks to help keep you feeling great.

Do you suffer with Chapped Lips in this cold weather. A handy home remedy is to use olive oil on your lips which can soften and moisturise chapped lips or apply a lipstick or a balm that contains an SPF. Try eating more foods that are rich in B Vitamins such as meat, fish, whole grains, nuts and leafy green vegetables. xxx

Why don't you Put Your Feet Up This Weekend -

For an instant energy boost, try lying on your back and propping your feet against a wall so your legs are higher than your head. Have a lovely weekend. xxx

It's nearly time for your morning cuppa, did you know that research has found that tea drinkers may have a lower risk of heart disease, stroke, cancer and even tooth decay. Green Tea and Camomile are also a healthy alternative. Have a great day xxx

Protect yourself from Hay Fever:

Protect yourself with a "Pollen Trap". Dab a little Vaseline just inside your nostrils – the sticky layer will trap spores that are wafting around before you inhale them.

Wash your hair before going to bed so you don't transfer a headful of dust and pollen to your pillow. xxx

Don't Forget...  
You can also find a range of After Care Treatments on the Products Page that can be picked up at Daisy's Beauty Room
